■ Methodology

Comparable organizations were drawn from electronically filed IRS Form 990 returns and matched on sector (NTEE code), budget (a size-adaptive revenue band that tightens as the organization grows), and geography (same-state first, broadening only when too few peers qualify); every organization within the band forms the peer set. To compare fairly across regions and years, peer compensation is normalized to NY cost of living (BEA Regional Price Parities, 2023) and to the subject's filing year (CPI-U). The figure benchmarked is Form 990 Part VII, Section A, columns D + F — reportable pay plus other compensation, benefits, and deferred amounts (column F may include amounts from related organizations) — with the chief executive matched by role. Related-organization amounts (column E) and institutional trustees are excluded. Full methodology: peerbasis.org/methodology.

■ Sample, role match & sensitivity

PEER COUNT 16 organizations. Compensation range \$8,333–\$93,333; filing years 2023–2024.

SIZE BASIS Matched on total revenue (\$211,429); for reference, expenses \$230,160 and assets \$178,800.

ROLE MATCH Elyssa Weick, reported title "*EXECUTIVE DIRECTOR*", benchmarked as Executive Director / CEO. The title maps directly to this role.

RELATED-ORG PAY 4 peers report related-organization compensation (column E), which the D + F benchmark does not fully capture; review where material.

Sensitivity — the subject's percentile under alternative compensation definitions:

BASIS	SUBJECT PERCENTILE
Total compensation (D + F), cost-of-living + inflation adjusted — the PeerBasis default	38 th
Total compensation (D + F), as reported (no adjustments)	38 th
Reportable pay only (column D), adjusted	50 th
All sources (D + E + F), adjusted	25 th

If the percentile moves materially across these definitions, the result is sensitive to methodology choices, and the board should weigh which basis best fits its facts.

■ Rebuttable presumption of reasonableness · 26 CFR 53.4958-6

Compensation paid by a tax-exempt organization is presumed reasonable — shifting the burden to the IRS — when three requirements are met. This report supplies the comparability data for the second. The board should record the following in its minutes *concurrently* with its decision:

Draft board minutes – executive compensation

3. The authorized body determined that total compensation of \$30,000 is reasonable (approximately the 38th percentile of comparable organizations) and documented the basis for this determination concurrently, on [date], by a vote of [__ for / __ against].
