Methodology

Comparable organizations were drawn from electronically filed IRS Form 990 returns and matched on sector (NTEE code), budget (a size-adaptive revenue band that tightens as the organization grows), and geography (same-state first, broadening only when too few peers qualify); every organization within the band forms the peer set. To compare fairly across regions and years, peer compensation is normalized to OH cost of living (BEA Regional Price Parities, 2023) and to the subject's filing year (CPI-U). The figure benchmarked is Form 990 Part VII, Section A, columns D + F — reportable pay plus other compensation, benefits, and deferred amounts (column F may include amounts from related organizations) — with the chief executive matched by role. Related-organization amounts (column E) and institutional trustees are excluded. Full methodology: peerbasis.org/methodology.

Sample, role match & sensitivity

| | |
|-----------------|---|
| PEER COUNT | 208 organizations. Compensation range \$731–\$452,261; filing years 2022–2025. |
| SIZE BASIS | Matched on total revenue (\$413,515); for reference, expenses \$367,153 and assets \$658,196. |
| ROLE MATCH | Tracy Jones, reported title <i>"BOARD VICE PRESIDENT"</i> , benchmarked as Executive Director / CEO. Selected as the organization's highest-paid individual without an exact title match — the board should confirm this is a comparable role. |
| RELATED-ORG PAY | 34 peers report related-organization compensation (column E), which the D + F benchmark does not fully capture; review where material. |
| OUTLIERS | 6 peers fall outside 1.5× the interquartile range — consider whether any reflect one-time payments (severance, deferred-comp payouts). |

Sensitivity — the subject's percentile under alternative compensation definitions:

| BASIS | SUBJECT PERCENTILE |
|---|--------------------|
| Total compensation (D + F), cost-of-living + inflation adjusted — the PeerBasis default | 34 th |
| Total compensation (D + F), as reported (no adjustments) | 32 nd |
| Reportable pay only (column D), adjusted | 0 th |
| All sources (D + E + F), adjusted | 90 th |

If the percentile moves materially across these definitions, the result is sensitive to methodology choices, and the board should weigh which basis best fits its facts.
