Methodology

Comparable organizations were drawn from electronically filed IRS Form 990 returns and matched on sector (NTEE code), budget (a size-adaptive revenue band that tightens as the organization grows), and geography (same-state first, broadening only when too few peers qualify); every organization within the band forms the peer set. To compare fairly across regions and years, peer compensation is normalized to FL cost of living (BEA Regional Price Parities, 2023) and to the subject's filing year (CPI-U). The figure benchmarked is Form 990 Part VII, Section A, columns D + F — reportable pay plus other compensation, benefits, and deferred amounts (column F may include amounts from related organizations) — with the chief executive matched by role. Related-organization amounts (column E) and institutional trustees are excluded. Full methodology: peerbasis.org/methodology.

Sample, role match & sensitivity

PEER COUNT 1764 organizations. Compensation range \$1–\$1,247,476; filing years 2021–2025.

SIZE BASIS Matched on total revenue (\$457,707); for reference, expenses \$492,431 and assets \$274,402.

ROLE MATCH Amber R Tynan, reported title "EXECUTIVE DI", benchmarked as Executive Director / CEO. The title maps directly to this role.

RELATED-ORG PAY	215 peers report related-organization compensation (column E), which the D + F benchmark does not fully capture; review where material.
OUTLIERS	70 peers fall outside 1.5× the interquartile range — consider whether any reflect one-time payments (severance, deferred-comp payouts).

Sensitivity — the subject's percentile under alternative compensation definitions:

BASIS	SUBJECT PERCENTILE
Total compensation (D + F), cost-of-living + inflation adjusted — the PeerBasis default	65 th
Total compensation (D + F), as reported (no adjustments)	70 th
Reportable pay only (column D), adjusted	68 th
All sources (D + E + F), adjusted	56 th

If the percentile moves materially across these definitions, the result is sensitive to methodology choices, and the board should weigh which basis best fits its facts.

● Rebuttable presumption of reasonableness · 26 CFR 53.4958-6
