Methodology

Comparable organizations were drawn from electronically filed IRS Form 990 returns and matched on sector (NTEE code), budget (a size-adaptive revenue band that tightens as the organization grows), and geography (same-state first, broadening only when too few peers qualify); every organization within the band forms the peer set. To compare fairly across regions and years, peer compensation is normalized to CA cost of living (BEA Regional Price Parities, 2023) and to the subject's filing year (CPI-U). The figure benchmarked is Form 990 Part VII, Section A, columns D + F — reportable pay plus other compensation, benefits, and deferred amounts (column F may include amounts from related organizations) — with the chief executive matched by role. Related-organization amounts (column E) and institutional trustees are excluded. Full methodology: peerbasis.org/methodology.

Sample, role match & sensitivity

PEER COUNT 57 organizations. Compensation range \$7,177–\$281,282; filing years 2023–2025.

| | |
|-----------------|--|
| SIZE BASIS | Matched on total revenue (\$494,054); for reference, expenses \$458,156 and assets \$616,744. |
| ROLE MATCH | Edward Vento, reported title " <i>Executive Dir.</i> ", benchmarked as Executive Director / CEO. The title maps directly to this role. |
| RELATED-ORG PAY | 1 peer report related-organization compensation (column E), which the D + F benchmark does not fully capture; review where material. |
| OUTLIERS | 2 peers fall outside 1.5× the interquartile range — consider whether any reflect one-time payments (severance, deferred-comp payouts). |

Sensitivity — the subject's percentile under alternative compensation definitions:

| BASIS | SUBJECT PERCENTILE |
|---|--------------------|
| Total compensation (D + F), cost-of-living + inflation adjusted — the PeerBasis default | 44 th |
| Total compensation (D + F), as reported (no adjustments) | 44 th |
| Reportable pay only (column D), adjusted | 46 th |
| All sources (D + E + F), adjusted | 44 th |

If the percentile moves materially across these definitions, the result is sensitive to methodology choices, and the board should weigh which basis best fits its facts.

● Rebuttable presumption of reasonableness · 26 CFR 53.4958-6

Compensation paid by a tax-exempt organization is presumed reasonable — shifting the burden to the IRS — when three requirements are met. This report supplies the comparability data for the second. The board should record the following in its minutes *concurrently* with its decision:

3. The authorized body determined that total compensation of \$110,801 is reasonable (approximately the 44th percentile of comparable organizations) and documented the basis for this determination concurrently, on [date], by a vote of [__ for / __ against].
